Till Israels ambassadör Isaac Bachman med anledning av Shimon Peres bortgång

Dear Isaac,

Please accept my condolences and the condolences of the Jewish Community of Stockholm for the passing of former president Shimon Peres. Peres was always a personal inspiration for me and for many more in his tireless struggle for peace in Israel. He was unique in the way that he remained in the centre of Israeli politics for over six decades, during a time in which he personally lead Israel through many difficult situations.

Not only has Israel lost a great leader today, the whole world has lost one of its strongest champions for peace and coexistence.

Yehi zichro mevorach me'ata ve'ad olam - May his memory be a blessing from now and for all eternity

Best,

Aron Verständig
